

**To the readers of this index book**

While putting names into the computer, a lot of the names were very difficult to make out. Some of the writing was not legible so you may want to check names that are similar in spellings. A note is on names that were illegible, also a (?) because the person who wrote the name in the book did not indicate what type of document it was--Marriage, death or birth so you will have to look in all three places to find what you are looking for. **Our records are for the years 1890 to 1911 after July 1, 1911 the State began collecting the information. They can be reached at:**

**As indicated above there are three categories:**

- (B) - Stands for Birth
- (M) - Stands for Marriage
- (D) - Stands for Death
- (?) - Not shown
